HOME BUILDING ACADEMY PHOENIX, AZ

Train For A Career in Construction

The Home Builders Institute's (HBI) BuildStrong Academies represent a new learning environment that delivers industry-recognized skills training to a new generation of home builders. The Academy offers tuition-free construction career education through hands-on learning, classroom teaching, and real-life experience. Students gain hands-on technical skills and practical knowledge in basic construction fundamentals, job readiness, discipline and confidence, and access to resources that will prepare students to build a career and successful livelihood.

Students train with skilled trades instructors who guide them through HBI's nationally and industry recognized, patented Pre-Apprenticeship Certificate Training (PACT) curriculum. They learn useful skills to build, repair, and maintain structures and their components while working on projects through to completion. They receive job placement assistance upon graduation. Staff mentor and support every student throughout their journey – from enrollment to graduation – engaging them in meaningful, exciting work that can lead them to success.

This is going to
change my life forever.
This is my first graduation
in my life...
I see better place in the future.
Working and making more money
for my family. I have two little ones.

— Donaires Ordonez, HBI Graduate.

THANK YOU TO OUR SPONSORS:

YOUR IMPACT:

Where Your Donations Go at HBI®

- ▶ Support our programs and support our students.
- ▶ Your contribution can make a big impact on a student's life.
- ▶ For every \$1 donated to HBI, \$0.85 go directly to support student training.
