

BACK TO SCHOOL WITH THE SCHOOLS TO SKILLS GRANT

Explore HBI's Grant Opportunity for Your School!

• The Schools to Skills Grant: Bridging the Gap

Understanding the growing need for skilled workers in the construction industry, HBI launched the Schools to Skills grant in 2019. This initiative provides schools with the resources to implement the PACT curriculum at no cost for two years. By removing financial barriers, we aim to make high-quality trades education accessible to more students across the country.

• Why is This Important?

By integrating the PACT curriculum into school programs, we're helping to build a pipeline of well-trained, job-ready individuals who can fill this gap and introducing the trades at a young age to the next generation of skilled workers.

• As we embark on another school year,

HBI remains committed to empowering students through our PACT curriculum and Schools to Skills grant. We believe in the potential of every student and are dedicated to providing the tools and opportunities they need to succeed.

Benefits of a PACT Curriculum

- Learn construction trade basics.
- Develop practical skills through hands-on learning.
- Acquire the skills for building industry success.
- Earn recognized credentials in 9 trade specialties.
- Affordable alternative to traditional college paths.
- Broaden students' awareness of career pathways.

APPLICATIONS OPEN

OCTOBER 6, 2025 - December 23, 2025
