

PACT LICENSE

License HBI's award-winning Pre-Apprenticeship Certificate Training (PACT) and offer exceptional benefits for your students. HBI, a national leader for career training in the building industry, provides the highest level of training in the building trades. Licensing the PACT training system for your career technical education training program will also help position you as the "go-to" for training. PACT is based on HBI's National Construction Skill Standards and NAHB's National Green Building Standards™. PACT's skill achievement records, set by subject matter experts, ensures every student has the knowledge they must master to be employed in an entry-level or semi-skilled job within the building industry. With an 80 percent job placement rate for HBI PACT graduates, the U.S. Department of Labor has recognized HBI PACT with the Registered Apprenticeship Innovator and Trailblazer Award.

"Comprehensive, sequential training with a recognized credential"
-- Tacoma Goodwill YouthBuild

As a licensee of the PACT training system, your program can take advantage of several components.

- **PACT Instructor Guide:** This instructor guide offers step-by-step implementation of the program. The first five units include instruction on building trades, safety and first aid, construction math, tools and construction materials, green building and employability. Our trade units focus on technical skills and knowledge in the areas of carpentry, electrical, plumbing, brick masonry, landscaping, facilities maintenance, painting and finishing, and weatherization. The guide also includes a **PACT Flash Drive** with PDF copies of the instructor guide and student workbook, green home building instructional guidelines, interactive, printable electronic files for Student Achievement Records, assessments, tests and guided practices, incl. PACT Math, PACT Communications, PACT Literacy supplements, and PACTWorks, safety briefs and assessment tools and tests.
- **PACT Student Workbook:** The PACT Student Workbook corresponds to the units in the PACT Instructor Guide and offers vocabulary terms, full-color illustrations and exercises that assist the student in mastering the skills in each unit to include guided practices and testing materials to support "hands-on" training.
- **Student Certification:** Students who graduate from an HBI-licensed PACT program will receive an industry-recognized and portable pre-apprenticeship credential accepted by DOL that qualifies them for employment in the U.S. construction industry.
- **Instructor Training and Technical Assistance:** HBI technical training staff experienced with PACT- based training provide a thorough grounding in the use of PACT to maintain fidelity to the PACT model with integrity and accountability with onsite technical assistance.
- **PACT Certificate Ordering Systems:** Easily certify each graduate's eligibility and order certificates for your PACT graduates through an online portal. With your license you will also be given access to the PACT online Storefront. Here you can order all of the PACT materials you need to have a robust pre-apprentice construction training program.
