

**Building Careers.
Changing Lives.**

Announcing the 4th Annual Schools to Skills Grant Program

The Schools to Skills Grant provides funding to implement HBI's nationally recognized Pre-Apprenticeship Certificate Training (PACT) curriculum, advancing the CTE or construction trades programs at secondary schools nationwide. Apply for the grant to adopt the PACT program at your school. Grant funding will be provided starting Fall 2022.

Benefitting from the PACT program, students can:

- ▶ Learn basic construction trade fundamentals
- ▶ Develop hands-on technical skills working on projects
- ▶ Learn how to succeed in the skilled trades as a career and as an alternative to college

Give students the opportunity to create the foundation to a successful career path in the building industry by applying to HBI Schools to Skills Grant!

FOR MORE INFORMATION, PLEASE CONTACT US:
